

Audition for CJC's Advanced-Level Blue and Green Ensembles!

The California Jazz Conservatory's Blue and Green Ensembles offer advanced-level musicians demonstrating artistic leadership and academic excellence, an opportunity to strengthen musicianship skills, develop artistic sensibility, and serve as important jazz ambassadors, while earning a Bachelor of Music Degree in Jazz Studies.

Members of our Blue and Green Ensembles immerse themselves in an intense performance schedule, overseen by a rotating faculty of the Bay Area's top jazz teaching artists.

Ensemble members enjoy special opportunities throughout the year, participating in national and international tours, attending master classes with leading jazz professionals, and performing at major jazz festivals and popular jazz venues.

Contact Zach Mondlick (zach@cjcd.edu) for details and an audition.
